Dear Members

HSCAR – Bulletin \_2

**ECU Boxes**

Please note no competitor nor his technical consultant is allowed to tamper with or open the ECU box or the harness – if you encounter problems with the ECU box or wiring harness do not send it to anyone else other than Greg Canny – these boxes have a security pin code on them that is known only to Greg Canny. Once the box is opened or tampered with, the information on the box is deleted and the box is useless and will need to be sent overseas to be fixed at your cost.

**Engines**

If you encounter any problems with your engine please contact Greg Canny urgently! Greg Canny is the HSCAR sole approved engine program manager.
