

SCAR Bulletin 2006-8

Dear Competitor,

A1 GP Race 23-25 February 2007

It is compulsory for all competitors to race on a brand new set of Goodyear tyres. No exceptions!

Please note that if you also want new tyres for our first race at Wesbank Raceway, you must order both sets (for WesBank and A1 GP) at the same time. All tyres must be fitted before the race. Please order your 2 sets of tyres two weeks before the first race!

Kyalami 24th March 2007

Due to the A1 GP Race all competitors will need to run on used rubber for this event. No exceptions will be made.

From the East London race 19th May 2007 you can go back to your own tyre strategy.

If you have any queries please contact Colin Frost on [083 445 0986](tel:0834450986).

Kind regards

Issued on behalf of the Technical Committee

Jannet Wood
